SAFETY GUIDELINES FOR BOUNCY CASTLES

• If castle is situated outdoors
  - to be moored to the ground
  - not to be used in unsuitable weather conditions

• There are soft gym mats covering hard surfaces near open sides or front of castle

• At all times when the castle is in use to have responsible adults supervising the children

• To have a rota system in operation for different age groups (2 to 5 years and 6 to 12 years – age groups must not be mixed)

• All children are made to remove hard or sharp objects such as jewellery, buckles, keys, pens and shoes before playing on the castle

• To limit the number of children who can play at any one time in the castle to ensure it is not overcrowded

• If independent operators are used check that they are insured for public liability

• If you hire an inflatable bouncy castle you should be given a set of Health and Safety Executive safety instructions
